

Biochemistry

Bruyninckx, Osterhage, Philipp.

Minor: Che 341, Biochemistry I; Che 342, Biochemistry II; Che 325, Analytical Chemistry; Bio 221, Genetics; Bio 336, Cell Biology; and one of Bio 328, Immunology; Bio 333, Microbiology; or Bio 314, Molecular Biology. Except for courses specifically required for the student's major, no more than one of these courses may be counted toward this minor and either a major or another minor. Total of 6 minor courses.

Students interested in biochemistry are encouraged to major in biology or chemistry. They should consult faculty members familiar with this minor as soon as possible to devise an overall course of study that suits their interests, meets program requirements and goals and prepares them for graduate study or professional opportunities.
