HANOVER  
COLLEGE

# WELCOME BACK TO HANOVER COLLEGE!

## FRIDAY, OCTOBER 2

There is something very special about returning to the place where you made so many changes in your life. Coming home to Hanover in the fall is even more special. At this time of year, our campus changes from beautiful to spectacular and we invite you to come and witness its beauty again during Homecoming 2009.

For those of you who have not been on campus for many years, you're sure to notice many new faces and changes because our College is growing. What has not changed is the spirit that is Hanover. Come and visit with your classmates and be proud of your alma mater. Come and cheer our athletes to victory. Come back and relive some of the special moments in your life. The festivities begin on Friday with a reception in my home. You might also wish to check out the Rivers Institute pontoon boat, which will be an important tool in promoting the understanding of the natural and cultural history of the river, or enjoy a political comedy directed by one of our current students in Parker Auditorium.

Saturday, run in the Homecoming 5K or take a nature stroll as you and your family take a walking tour of campus. If you want a more leisurely visit, pick up a pamphlet in the lobby of our state-of-the-art Science Center and take a self-guided tour through the hallways to view

the museum-quality exhibits currently on display.

You can be a part of Hanover's outreach to help students see what different career avenues are all about! Hanover's Alumni Association invites you to stop by and do a 5-minute taped interview at one of the scheduled sessions that will be used to create a video tape/DVD library of alumni speaking about their career choice and the path they took to get there.

2009 marks the "Year of the Panther," a special year of events and reunions celebrating athletics at Hanover College. Football alumni who played for Coach Wayne Perry, especially the 1997 - 2000 seasons; the "lost" sports of field hockey, swimming, and wrestling; men's soccer and men's and women's track and cross country reunions will all be tailgating at various times throughout the day.

We would love to see you back here on campus. Many of our events are family-friendly and there are lots of opportunities for you to reconnect with old friends. Send in your reservation today and don't forget to tell us about your potential legacy students at the bottom of the reservation form!

**Rivers Institute Boat Excursion**  
*Rivercrest Marina*  
*1200 W. Second Street - Lower Madison*

The Rivers Institute at Hanover College invites you to enjoy an Ohio River excursion on the College's new pontoon boat. It will enable Rivers Institute staff, Hanover College students and faculty, participants in various community programs, and guests of the Institute and the College to experience the Ohio River environment in a new and exciting way - not from the shore looking out at the water, but from the water looking back at the shore. The boat will be used with environmental science classes in general, and for helping the Rivers Institute promote an understanding of the natural and cultural history of the river. It will be used to explore tributaries of the Ohio River, to study aquatic ecology, and to experience travel on the river in a manner similar to, but a great deal more comfortable, than the early inhabitants of the Ohio Valley. *Space is very limited and reservations are required.*

**Hanover College Theatre presents:  
"The Birds," a political comedy from  
ancient Greece, by Aristophanes**  
*Directed by Dani DeVincentis '10  
Parker Auditorium*

A playful, fantastical political satire by the father of western comedy, "The Birds" tells the story of two young men, dissatisfied with life in their hometown, who set out to create something better. They wind up in the land of the birds, who they convince to create Cloud Cuckooland. Of course, our two scalawags maneuver to be crowned kings of Cloud Cuckooland, and their first decree is to charge tribute to gods and mortals alike for passage through their territory, turning the natural order topsy-turvy. This is Aristophanes at his most irreverent. "The Birds" is a brilliant, timeless, and universal comedy, as topical and funny today as when it was written some 2400 years ago. **NOTE: Contains some mature language; viewer discretion is advised.**

This is a student-directed main stage production that runs Friday-Sunday, October

2-4 2009. Many are the sons and daughters of Hanover graduates, while others have legacy paths through grandmothers, grandfathers, aunts, uncles, cousins, brothers and sisters. Hanover honors legacies with a Legacy Award, given to immediate relatives of Hanover College alumni and current students, including: children, grandchildren, nieces, nephews and siblings, to remind us that the most important part of the College is not its buildings, but its people. This award is in the amount of \$2,000 per year, renewable annually. Please fill out the Legacy section on the reservation form. Alumni can go to: [www.hanover.edu/alumni/volunteer/prospect](http://www.hanover.edu/alumni/volunteer/prospect) anytime to refer a potential legacy or legacies so they can learn about the benefits of becoming part of the Hanover College family.
