

Entrance & Exit Counseling for Federal Direct Stafford Loans

The Federal government requires all students, who are first-time borrowers, to complete entrance counseling before the loan borrowed for educational purposes can be disbursed to their student accounts. All students are required to complete exit counseling once they are no longer attending classes at Hanover College, either through graduation or withdrawal.

- Entrance Counseling is handled through the Federal government website at www.studentloans.gov.
- Exit Counseling is handled through the Federal government website, National Student Loan Database (NSLDS), at www.nsls.ed.gov/nsls_SA/

Detailed instructions in how to complete either of these processes can be obtained from the Office of Financial Aid at Hanover College.
