

Scholarships and Grants

Graduate students at Hanover College are encouraged to seek outside scholarships and grants to minimize federal and private student loans.

Below you will find information and links to various search engines where many scholarships can be found on the web. For each of these resources, you may have to first create a free online profile to gain access to the scholarships. Creating your profile allows the site to filter through the scholarships that may be best suited for you and to send you email updates of newly posted scholarships.

External scholarship information is voluntarily provided and Hanover College is not liable for any misinformation and does not receive any endorsements of any kind from the listed "external" sources of financial aid.

Be wary of any entity that guarantees you will be selected for a scholarship. If you think you are a victim of a scholarship scam or financial aid fraud, please report it immediately to the U.S. Department of Education's Office of Inspector General at 1-800-MIS-USED or email oig.hotline@ed.gov.

Tuition Funding Sources

The TFS is a massive scholarship database that provides you with access to \$41 billion in funding and grows at a rate of 5,000 new awards per month. The best part is most of these opportunities come directly from colleges and universities - not just from competitive, national pools. That increases your odds of finding free money and finding the right scholarships for you. Visit [TFS](#)
